MULTIPLAN 2045 is a coordinated effort to develop the Mississippi Department of Transportation's statewide long-range transportation plan and the plans for the Central Mississippi Planning and Development District (CMPDD) Metropolitan Planning Organization, the Hattiesburg-Petal-Forrest-Lamar (HPFL) Metropolitan Planning Organization, and the Gulf Regional Planning Commission (GRPC) Metropolitan Planning Organization. It includes four separate plans that are developed simultaneously for consistency. MULTIPLAN 2045 addresses our transportation needs over a 25-year horizon and is updated every five years.

Anyone who may require assistance locating a copy of the plan or making a comment should contact Transportation Planning Staff members at 601.554.1008 or mpo@hattiesburgms.com.
