

Notices about HPFL MPO

MPO Boundary and Planning Area

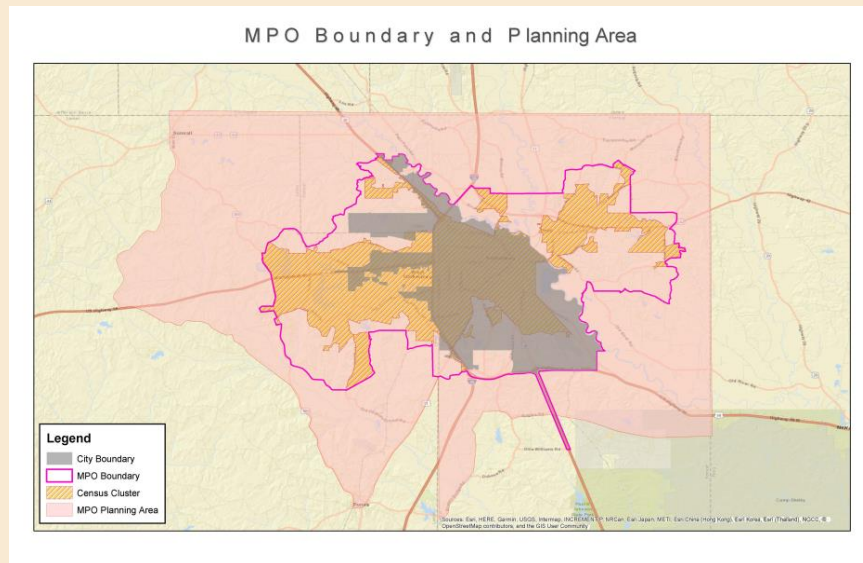

**FY 2020  
Annual Listing of Federally  
Obligated Projects**

# THE HPFL-MPO

Mississippi Governor William Winter established the Hattiesburg-Petal-Forrest-Lamar Metropolitan Planning Organization in August 1982. The HPFL-MPO was established when the Hattiesburg central area reached a population status of 50,000 plus. The HPFL-MPO area consists of the City of Hattiesburg, the City of Petal, a portion of Forrest County and a portion of Lamar County.

The smallest of MPO's in the State of Mississippi, representatives from the City of Hattiesburg, the City of Petal, Forrest County, and Lamar County, the Mississippi Department of Transportation and the Federal Highway Administration are involved in the transportation planning process for the MPO. Their purpose is to provide effective leadership in the development of transportation plans and programs.

Hattiesburg, Petal  
Forrest, Lamar  
Planning Area

## ANNUAL REPORT INFORMATION

- The annual listing of obligated projects is a record for tracking the progress of federally funded transportation projects included in the MPO's Transportation Improvement Plan (TIP) and the Mississippi Department of Transportation's (MDOT) Statewide Transportation Improvement Program (STIP). This listing is updated annually and is intended to increase public awareness of federal spending on transportation projects. Each project included in this report has received federal authorization for funds committed to the project to be obligated.
- The Fixing America's Surface Transportation Act (FAST Act), signed into law on December 4, 2015, requires that:  
"An annual listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review." 23 CFR 134 (j) (7) (B)

# PROJECTS LISTING
