

COVID-19 EMPLOYEE RESOURCE LIST for City of Hattiesburg Employees

1

EMPLOYEE SUPPORT

If you feel like you need more access to personal protective equipment (masks, gloves, hand-sanitizer, etc.), ask your immediate supervisor.

If you feel like you are not being supported in your needs, if you have questions about precautionary measures or if you have thoughts regarding additional safeguards that can be taken, please reach out through your chain of command or Chief Administrative Officer Ann Jones.

2

SYMPTOMS & TESTING ACCESS FOR COVID-19

There are several ways to be tested for COVID-19, should you experience symptoms (cough, fever + shortness of breath). They include:

- Calling employee health at 601-545-1712, a primary care physician or an immediate care facility.
- Visiting the Cough + Fever Clinic located at 5909 US Hwy 49, Ste. 20, 601-261-1533.
- Scheduling a curbside test at curbsidecovid.com, also located at the Cough + Fever Clinic.

3

EMOTIONAL SUPPORT

You may be experiencing a high degree of uncertainty, worry, anxiety and stress about the health and safety of you/your loved ones, and how COVID-19 (coronavirus) may disrupt your life. We recognize the importance of these impacts on our workforce, and we encourage you to seek help should you need it.

The City of Hattiesburg's Employee Assistance Program is available to all employees who may need it. This program is accessible by calling the Employee Health Clinic at 601-545-1712.
