**Transit Master Plan RFP
Addendum #1
Questions & Answers**

The RFP issued October 20, 2020 by the HPFL Metropolitan Planning Organization and City of Hattiesburg prescribed a timeline including that proposal inquiries/questions be presented in writing by 3:00 p.m. on November 19, 2020. Below is a list of questions received, edited for presentation and clarity, along with responses through 12:00 p.m. on November 13, 2020. The publication of this document in the same place(s) where the full RFP is available will satisfy the prescribed publication of responses in the RFP.

- 1) What is the estimated cost of the project?
 - a) This information will not be provided.

- 2) Are union bids required?
 - a) No.

- 3) Do resumes count as part of the page limit?
 - a) Yes.

- 4) What terms and conditions are being referred to in Attachment A, which must be signed and submitted with response packets?
 - a) Attachment A is simply referring to the whole of the RFP document and is not committing the respondent to anything outside of what is provided. Consider the procedures outlined in the document, the estimated timelines provided, the list and descriptions of information that should be included in submissions, the description of the scope of the project, expected deliverables for the selected respondent, and additional requirements section.

- 5) Paragraph 4 of Section VIII (Additional Requirements) mentions both a letter and use of Attachment A in attesting to understanding the RFP Procedures, Terms and Conditions. Are these both required or only Attachment A?
 - a) Signing and submitting Attachment A satisfies this requirement. An additional letter is not necessary. Attachment A serves as that letter.
