Dabbs Street Architectural Services RFP

Questions & Answers

May 4, 2021

The RFP issued April 6, 2021 by the City of Hattiesburg prescribed a timeline including an option to visit the facility for a walk-through at 10:00 a.m. May 3, 2021 and for any requests for clarifications/ inquiries/ questions be presented in writing on or before May 3, 2021. No attendees took advantage of the opportunity for the facility walk-through. No questions were received by the deadline, and the publication of this document in the same place(s) where the full RFP is available will satisfy the prescribed publication of responses in the RFP.

Should any changes, clarifications, or addendum be required after this date, it will be published in a like manner and would provide for any needed extension to the response deadline.
