 Municipal Address of Site: _____

Check box for your use	REQUIRED PLAT REQUIREMENTS Continued	Indicate Page # where located on Attached	References are LDC Code Sections unless otherwise stated*	Staff Verification
	Provide detailed construction entrance			
	Show any natural features such as streams, lakes or other topographic features		96.03	
	Show any circumstances unique to site			
	Refuse collection areas (dumpsters) if used, must be:	on a 6" RAISED concrete foundation (no surface water to drain into interceptor) screened with 6 ft solid fence require hot water wash and/or grease trap may not be closer than 5 ft to any structure provide adequate truck maneuverability for pickup and servicing of unit	96.04 (8)	
	Provide detail of backflow preventor, if required			
	Provide detail of any retaining walls and footings (ensure footings do not encroach on any neighboring properties)			
	Provide architectural definitions for buildings in the development, location, size and types			
	Provide plans for recreational facilities, in any, parks, tot lots, playgrounds, open space, etc.			
	Are there any existing billboards or other type signs on this property ?			
	Provide such additional data, maps, plans, or statements, as may be required for the particular use or activity involved			
ADDITIONAL INFORMATION FOR APPLICANT				
	Check to see if your residential dwelling(s) must meet Fair Housing regulations (some ADA regulations may also apply)			
	ADA compliance for building and restrooms will be VERIFIED on building plans - not site plans, except parking, and access route/ramp to building as addressed above			
	Determination of fire wall and fire sprinkler needs will be VERIFIED on building plans; but information may be reviewed on site plan			
	Building Plans are not reviewed by this Committee and require a separate review by the Building Official or official representative			
	Sign Permits are not reviewed by this Committee and require a separate review by the Land Code Administrator or official representative			
	Privilege License applications and requirements are on file in the Tax Department			
	Transient vendors have additional requirements - see Planning Office for a list			
We make every attempt to provide you a comprehensive written list of all items required for re-submittal of a project upon your initial submittal for review; however, we reserve the right to add additional items needed at any subsequent meeting for any valid reason.

EXCERPT FROM
ORDINANCE NUMBER 2977 ADOPTED January 22, 2008
OF THE
CITY OF HATTIESBURG, MISSISSIPPI

D. Plan Review Fees:

Residential Building Plans Review ----- \$ 50.00

Residential Building Plan Review fees shall apply to all owners, contractors and non-profit organizations, with the only exception being those non-profit organizations (with approved non-profit charters) providing construction services on a totally volunteer basis for new, expansion or renovation construction on single-family residences.

Commercial Building Plans Review ----- \$200.00

Site Plan Review – required for all development, EXCEPT owner/occupied single-family residential, and those determined by the Building Official to be unapplicable. Note: The public hearing fees include one Concept Review for those actions that require Site Review:

New construction reviews -----	\$200.00 for first acre, plus
Review Fee Includes:	\$30.00 for each additional acre, or fraction thereof, of development
Initial Submittal	
Two Re-submittals	

Expansion or renovation construction reviews -----	\$100.00 for first acre, plus
Review Fee Includes:	\$30.00 for each additional acre, or fraction thereof, of development
Initial Submittal	
Two Re-submittals	

Fourth and subsequent new, expansion or renovation Construction reviews -----	\$50.00 each additional submittal
---	-----------------------------------

Concept Review (general layout review only) ----- \$ 50.00

New use type(s) in existing building(s) ----- \$ 50.00
